WHY FARMFIT?

The agri-food system needs change.
The challenge for the next generation of front runners is to develop new production methods, build an economic and healthy business, balance productivity, environmental sustainability, capital investment and income, and stay connected with society.
Interaction with peers and suppliers is crucial. FarmFit is a unique chance to interact and gain the latest insights from innovative solution providers in every area of the supply chain. This is the event that empowers young talents to catalyse and lead the change.

WHO WILL BE THERE?

Top of class business-owners; producers, farmers, and growers; processors and distributors; further solution providers of know-how, digital and technological services; policymakers, influencers; and other stakeholders with a common interest in the development of the agri-food system.

POST '80 EUROPEAN CHANGE-MAKERS

#letsFarmFit

A COMMUNITY OF LEADERS. SHAPE THE EVENT, MAKE IT YOURS!

FarmFit is the event for open-minded change-makers who are building their business based on technology, digitalisation, communication and their impact on the environment.

FarmFit

The Event for the next generation of AgriFood Makers in Europe

FarmFit, *Farm & Food Innovations and Technology*, is the live platform event and community where entrepreneurial farmers and food professionals meet, network and get inspired.

300+ INTERACTIVE SESSIONS

2-DAY INSPIRING EVENT & KNOWLEDGE SHARING

TOP 1000 AGRI-FOOD LEADERS

HOW TO FARMFIT?

Over 300 content sessions.
Thematic and interactive meetings moderated by key representatives of the farm & food community. A combination of small, medium and large sessions, from around 20 up to 100 participants, and plenty of informal meetings.

2 days pragmatic get-together and a digital community where young business people, from different European countries, share visions, plans, best practices, but also failures.
